During the year 1978, a great deal of hard work was done to modernize the QCWA Constitution & By-Laws. Through the efforts of the Restructuring Committee, many changes were made to provide clarification of meanings of words and phrases. The completed work was submitted to the members of QCWA for ratification late in 1978. The Constitution and By-Laws, as approved were printed in the Winter, 1978 NEWS, Volume 27, No. 4, pps 107-111. Subsequently one portion of the By-Laws was modified by Board action. The document as amended is printed below:

QCWA CHAPTER AFFILIATIONS

QCWA membership grew slowly through the first few years. Word of the organization spread and with it interest. Members were, by any standard, pioneers, since membership required one to have been licensed as early as 1922 to be eligible. With growth came groups of members living in the larger population centers, and since travel was then, as now, expensive, many members were unable to travel to New York for the meetings. The Board, acting with vision, adopted rules permitting formation of affiliated chapters. These chapters were to be authorized to use the QCWA Logo, and to be a real entity, although dependent on the National Organization for membership records and guidance with respect to policy and planning. The Chapter concept boomed, and Chapters were formed across the continent. In the interest of keeping a record of such authorities, QCWA has adopted the procedure of listing chapters in our official records, even though some may not be active. Historically, it is believed that this policy is desirable. Chapters have been assigned numbers, issued on the basis of date of Charter. At present 115 such authorizations have been granted. Most are active! The list of chapters, as of March 31, 1979, is as follows:

During the year 1978, a great deal of hard work was done to modernize the QCWA Constitution & By-Laws. Through the efforts of the Restructuring Committee, many changes were made to provide clarification of meanings of words and phrases. The completed work was submitted to the members of QCWA for ratification late in 1978. The Constitution and By-Laws, as approved were printed in the Winter, 1978 NEWS, Volume 27, No. 4, pps 107-111. Subsequently one portion of the By-Laws was modified by Board action. The document as amended is printed below:

QCWA STATISTICS

At the years end (1978) looking back we find that our Roster shows membership numbers have been assigned to 780 new members. The first number assigned in January, 1978 was #11998, & the last number assigned in December, 1978 was 12777. During the year we received reports of the passing of 154 members.

QCWA began issuing the NEWS-LETTER in a new 8 1/2 x 11 format, with the Spring, 1978 issue. It has turned out to be popular and permits better utilization of space. Advertising was actively sought out during 1978, helping to defray printing and mailing costs for the NEWS. We have attempted to enlarge the scope of the NEWS to include feature items, general information, personal material and Chapter news.

During 1978 QCWA inaugurated publication of the QCWA HOT LINE REPORT...a monthly bulletin sent to each Chapter designee and available at cost to any wishing to receive it.

For the first time, QCWA nominations for Officers and Directors were made by a Nominating Committee consisting of members from every part of the Country with multiple candidates for each office being presented for members consideration in the 1979 elections.

During 1977 the QCWA Annual Convention was held at Seattle. In 1978 the location was San Diego...and the meeting is scheduled in 1979 for Chicago. The 1980 Convention is planned for Orlando.

PRESIDENTS MESSAGE

A short time ago QCWA celebrated it's 32nd birthday. In the years since 1947 when our founding members banded together to form QCWA, more than 13,000 Amateurs have seen fit to become affiliated with QCWA...making us one of the largest and certainly the best organization in Amateur Radio. These members did not join QCWA because they extra money to spend, but instead, they became members because of the association between men and women with like interests has consistantly displayed the pleasurable fellowship, the interest and caring of friends so easily visible to all. Our spectacular growth through the years has been mostly the result of the fellowship...the gathering together, the visiting and the pleasure to be had from seeing an old pal to the grief we all feel when one is taken from us.

As we become larger, as we surely will, we must never lose sight of those traditional values which have brought us to our present stage. On the other hand, our strength and the prestige enjoyed by the Organization can and should be used for the welfare of Amateur Radio where such service can be performed in harmony with QCWA traditions. Certainly we can expect to meet great challenges as the years go on...and I am personally confident that We will achieve constantly expanding goals.

I want to take a moment to thank all of those who work so hard to make QCWA a vital & living thing...Those who organize the local Chapters...and serve as Officers & Directors. Those secretaries who struggle to correspond, and to put together rosters, newsletters, and who see that every deed and activity gets properly recorded...treasurers who constantly try to get enough money together for stamps, and printing...and the members themselves making sometimes long drives through all sorts of weather to join with old friends..simply because they feel they must do their share...all of these make QCWA. Lastly, your Officers at the National level, Directors who spend sizeable sums of money to attend meetings, and whose ideas take shape in the plans and projects sponsored by your Organization. I am honored to be a part of QCWA, to be associated with those who have in the past, and who are now dedicated to service to all Amateurs through QCWA!

In connection with this 1979-1981 Directory, we hope that you will find it useful and that you will take it with you on trips, looking up members wherever you might be. From all of us to each of you...may good health and God's blessing be yours!

Henry S. Hartman

QCWA Directory of Members

Published June 14, 1979, from QCWA Membership Roster dated May 22, 1979, supplemented with additional data though June 14, 1979 Records.

Printed by Miklis Printing Company, Garland, Texas

The 1979 QCWA ROSTER was made up in a way somewhat different than those previously published. Our regular roster, used at the office has 132 columns across the page. We found out early that it would not be possible to use 132 columns in the DIRECTORY because the extreme width would have made the pages very long, with the attendant reduction in size required to bring them to 8½ x 11 pages. So, a special computer program was prepared which changed the format to 93 columns wide, approximately 75 names vertically, and a reduction to 81%. Making this change required that the address be condensed and re-arranged, etc. We think that you might be interested in knowing that the following usage has been assigned to each column on the pages that follow:

Columns 1- 6 for call signs
Columns 9-31 for names
Columns 34-76 for addresses
Columns 79-84 for zip-codes
Columns 86-91 for members number
Column 93 for awards

Everything here is perfectly clear except for the Awards column. We use abbreviations here to make it possible to get everything on one column, for each member. There are a number of abbreviations used, they are as follows:

- (1) A numeral (5) in column 93 indicates the member has the 50-Year Award
- (2) A letter (C) in column 93 indicates the member has the 50-Year Continuously licensed Award.
- (3) A numeral (6) in column 93 indicates the member has the 60-Year Award
- (4) A numeral (1) in column 93 indicates the member has the Century Award

It can be inferred, although not positively, that a member in the Century Club has all four of the awards. A member with the 60-year Award has the 50 Year, etc...If you have a question, we will be glad to provide an answer to specific problems.

Whereever possible, all titles, and professional designations have been eliminated. This policy was not inaugurated to denigrate the life work of any member or individual, but was required simply to fit the absolutely necessary material into 132 columns. In fairness to all, even if you have a short name, the titles have been eliminated. Your amateur call is uniquely yours, and is a badge you can proudly wear. If we can ever get a compute that will print 164 columns, we'll put them back!

Sorting has been by District Numbers Only (Column 3), followed by a sort AAA to ZZZ in columns 4-5-6. That is followed by a sort of columns 1-2, in contrary motion, to provide the present printout. All members with US Zip codes, whether in Puerto Rico, Virgin Islands, or Florida, are in the 4th District, likewise, Alaska is in the 7th District, and Hawaii is in the 6th District. Members not sorted in the U.S. group were sorted the same way. Any Country with 4 or more members was assigned a special named section. All other were sorted similarly and put in one group. American members with foreign addresses were given a group designation. The computer readout was as of March 22, 1979. Members joining since then are included, through June 14, 1979, in a special section of the Directory.

The Computer is a DEK-20. Typing was done on a Diablo printer at a speed of 720 WPM (3600) characters per minute. The line printer works at a rate of 34,320 WPM (171,600 characters per minute), but does not use a carbon ribbon, and the type face is not clear. The Diablo printer required 8 hours to type the list...the line printer less than 10 minutes.

All programming was done on an emergency basis by T. E. Heithecker (x WN5UVZ), University of Texas, at Arlington, Texas.

This list of QCWA SILENT KEY MEMBERS has been compiled over the years with errors included. We will appreciate receiving information which will permit making of corrections, and adding the names of any who may have been omitted.

The list was prepared without regard for the Country in which our member lived... Sorting was by the numeral, then by the following 3 letters, and then by the preceding two letters, contrary motion.

The list contains 1481 listings which is the known total through June 14, 1979..

*Time, like an ever-rolling stream,
Bears all its sons away;
They fly, forgotten, as a dream
Dies at the opening day.*

Isaac Watts, 1719

As we contemplate the names of those who are no longer with us, remember them for their smile, their touch and friendship given and returned. We who remain must carry on with the tradition of fellowship and caring which they bequeathed to us!
